**Iowa KidSight** is a joint project of the Lions Clubs of Iowa and the University of Iowa, Department of Ophthalmology and Visual Sciences, dedicated to enhancing the early detection and treatment of vision impairments in Iowa's young children (target population 6 through 48 months of age) through screening and public education.

The goals of the project are:

- Objectively screen vision in infants and young children throughout all of Iowa's 99 counties -- **for FREE.**
- Educate the public about the risk of undetected vision loss.
- Identify ways to sustain vision screening programs of this type

Service has been the hallmark of Lions Clubs International since it was founded in 1917. Lions Clubs International Foundation was begun in 1968 to take that service to new levels by tackling global problems as well as assisting Lions with large-scale humanitarian projects. Through LCIF, Lions meet the needs of their local and global communities.

**FOUNDATION**

Lions can rest assured that every cent of every dollar is committed to humanitarian projects. Administrative costs are paid by interest earned on long-term investments. 100% of every donation has a direct impact in the lives of people around the world.
